

Little choice

MAKE IT HAPPEN

Why would we make **sense** when we could very well **MAKE BELIEF?!**

1. Modular sofa, Wigiwama.
2. Easter witch vase, Artek.
3. Babar satchel, *Animal's Observatory*. 4. Attitudewear, *Go To Hollywood*. 5. Design children's furniture, *House of Roro*. 6. Nap time in Naples, captured by Henri Cartier Bresson in 1960. 7. Formal playroom wear, *Jacqemus*.

Gym class heroes

Forget boring classrooms: at Reggio college, everything is meant to stir the pupils' creativity – even its doorways and the shape of its corridors. In this regard, architect Andrés Jaque designed a sustainable temple of innovative playfulness. We have a soft spot for the gym, in particular: wouldn't mind working on our head roll and handstand in there...
